

# DIXON EVENING TELEGRAPH.

OFFICIAL PAPER OF THE CITY OF DIXON BY ACT OF CITY COUNCIL.

OFFICIAL PAPER OF LEE COUNTY BY ACT OF SUPERVISORS

Telegraph Sixty-Second Year

DIXON, ILLINOIS FRIDAY JUNE 6 1913

Dixon Daily Telegraph Thirtieth Year No. 134

## CONSIDER OIL TRUST DECREE INADEQUATE

ATTORNEY C. B. MORRISON SUB-  
MITS REPORT IN BIG DIS-  
SOLUTION SUIT.

### PLANS FOR FUTURE ACTION

Attorney General Acting on Report  
of Dixon Man, Will Con-  
tinue Suit.

As a result of the report filed by  
Attorney Charles B. Morrison of this  
city relative to the oil trust investiga-  
tions which have been going on, At-  
torney General McReynolds is deter-  
mined to continue the government  
suits for a complete dissolution of  
the trust, as outlined in the following  
dispatch from Washington:

Washington, June 5.—Attorney  
General McReynolds said today that  
he regards the Standard Oil dissolu-  
tion decree as inadequate to meet  
the intent of the Sherman law. This  
was the first definite indication of  
the attorney general's attitude to-  
ward an investigation now being con-  
ducted to determine whether an "oil  
trust" still exists.

His objections to the decree, like  
those he has expressed against the to-  
bacco trust decree, are based on  
the grounds that a real dissolution of  
a trust cannot be accomplished by a  
distribution of the stock pro rata  
among the same shareholders.

From Charles B. Morrison and Ol-  
iver E. Pagan, his special assistants,  
the attorney general has heard the  
results of their investigation of the  
oil situation and is now deliberating  
whether the department of justice  
will be justified in taking further ac-  
tion under the Sherman law. Should  
he reach the conclusion that a trust  
still exists, it is pointed out that  
three plans of action are open to the  
attorney general:

A civil suit for the dissolution of  
any new combination, indictment of  
individuals or contempt of court pro-  
ceedings.

If action is taken, it is believed it  
will be more likely of a criminal na-  
ture.

### STARS TRY TO CHANGE LUCK

Several changes will be made in  
the lineup of the Dixon Stars when  
they meet the Mt. Morris Regulars  
at Athletic park Sunday afternoon,  
for the boys are determined to find  
the cause of the hard luck which has  
followed them this season. In the be-  
lief that a new bat, which was pur-  
chased after the first game of the  
season, which game by the way is  
the only one the Stars have won, is  
the cause of the bad luck the bat  
stick has been discarded and in ad-  
dition it has been decided to switch  
around a bit in an effort to get bet-  
ter fielding strength. Huber will  
pitch Sunday and if determination  
has anything to do with it, the Stars  
are going to win the contest.

### NEW CO. GETS ERIE.

The Rock River Light & Power  
company, recently organized in Ster-  
ling, has been given a 25-year fran-  
chise in Erie and has also been awar-  
ded the contract for the street  
lighting there.

### WEATHER REPORT

The following report of high and  
low temperatures and precipitation is  
taken each morning at 7 o'clock and  
is for the preceding 24 hours:

	Max	Min.	Precip.
Sunday	81	52	
Monday	85	52	
Tuesday	87	59	
Wednesday	80	42	
Thursday	77	55	

### RECORDER'S OFFICE IS

#### MUCH BUSIER NOW

The entry books at the recorder's of-  
fice shows a marked increase in the  
number of instruments filed for rec-  
ord the first six months of this year,  
the receipts at the office being about  
\$225 greater than they were during  
the first six months of 1912.

### FRACTURED ARM.

J. E. DuVall sustained a fracture of  
his left wrist yesterday afternoon.  
He slipped on a board near the dam  
and the painful injury occurred. It is  
not giving him much pain today.

## BULLETIN

### ENGINEER SCALDED TO DEATH THIS MORNING

Indianapolis, June 6.—Special to  
Telegraph—J. V. Seaman, aged 27,  
a Big Four engineer, was scalded to  
death here this morning when a box  
car on a siding side-swiped his en-  
gine. He was literally cooked.

### LUMBER PLANT BURNED

Petsky, Mich., June 6.—Special to  
Telegraph—The W. L. McManus lum-  
ber company's plant here was de-  
stroyed by fire this morning. The loss  
is over \$200,000.

### ROBBERS GET \$1500 FROM INDIANA POSTOFFICE

Mt. Vernon, Ind., June 6.—Special  
to Telegraph—Two burglars this  
morning blew the safe at the Gam-  
bler postoffice and escaped with \$1,  
500 in stamps and money.

### FIRE THREATENS CITY OF DANVILLE TODAY

Danville, Ind., June 6.—Special to  
Telegraph—Fire broke out in the  
business district here this afternoon  
and threatens the city. The loss is  
now estimated at over \$50,000 and  
the flames are beyond control.

### DISGRUNTLED CLERK

Pittsburgh, Pa., June 6.—Special  
to Telegraph—Disgruntled because  
of failure to receive promotion in the  
ticket department of the Pennsylvania  
road, Clerk Sage today shot and  
killed James McNair, chief ticket  
agent, and fatally injured Ralph  
Paull, chief clerk at the general  
ticket office here. Sage escaped.

## OVER 1500 LAWYERS FROM DIXON COLLEGE

### REUNION COMMITTEE FINDS BIG LIST OF GRADUATES UNDER DEAN WATTS.

The invitation committee which  
will have charge of the coming reu-  
nion of the graduates of Dixon Law  
college, which will be held in this  
city July 30 and 31, has completed  
the compilation of a list of all the  
graduates and they find that over  
1500 law students have taken their  
degrees in the Dixon school under  
Dean J. W. Watts. These men are  
now located in practically every state  
in the union, therefore the coming  
reunion should be of more than or-  
dinary interest. The invitations for  
the big event will be mailed early  
next week.

## I. AND R. BILL WAS KILLED IN THE HOUSE

### DEVINE VOTED FOR IT, ABBOTT AGAINST IT AND HUNT WAS ABSENT.

The state legislature yesterday  
killed the initiative and referendum  
bill, but 95 members voting for it,  
while 102 votes, two-thirds the con-  
stitutional membership, were re-  
quired to submit the plan to the voters.  
Representative Devine voted for the  
measure while Abbott, republican,  
voted against it. Mr. Hunt, progres-  
sive member from this district, was  
absent.

## HENRY SCHMIDT WAS INJURED THIS MORN

### COMMISSIONER CAME IN CON- TACT WITH REVOLVING EMERY WHEEL.

Commissioner Henry Schmidt was  
painfully injured this morning when  
a revolving emery wheel cut a bad  
gash in his left leg, just above the  
knee. Mr. Schmidt was working at  
the wheel, and leaned over to get a  
piece of metal, when his leg came in  
contact with the swiftly revolving  
wheel. The cloth of his trousers was  
burned through and the skin and  
flesh were also torn and burned. A  
surgeon dressed his injuries.

George J. Hermis of Hamilton was  
here today.

## HORSE TRADER FACES VERY SERIOUS CHARGE

EUGENE PHILLIPS, AURORA, IS  
SAID TO HAVE ASSAULTED  
ASHTON GIRL.

### WAS GIVEN HEARING TODAY

Ida Henitsch, Feeble Minded, Was  
Intended Victim of Man's  
Attack.

Ashton, Ill., June 6.—Special to  
the Telegraph—Eugene Phillips of  
Aurora, a 19 year old boy who, with  
a partner have been camping near  
here for several days, trading horses,  
was arrested last evening by Deputy  
Sheriff Van Ess charged with a se-  
rious crime against Ida Henitsch, the  
21 year old daughter of Mr. and Mrs.  
Augustus Henitsch, who reside three  
miles west of Ashton. Phillips was ar-  
raigned before Justice of the Peace  
Squire T. Jennings this afternoon.  
States Attorney Edwards prosecuting  
the case.

According to the evidence Phillips  
and his partner have been camping  
near the Henitsch farm for several  
days, and last evening, while his part-  
ner was gone, he was in the road  
herding horses, while the Henitsch  
girl, who is feeble minded, was herd-  
ing cattle nearby.

Clayton Bauer, a farmer residing  
in that vicinity, while riding past,  
noticed the two talking together and  
being suspicious that all was not  
right, started to notify Mr. Henitsch,  
the girl's father. He had not pro-  
ceeded far before he heard the girl  
screaming, and rushing back discov-  
ered her running out of Phillips' tent.  
Her clothing was badly torn and  
she was greatly excited.

She eluded her pursuer and es-  
caped to her home. In the meantime  
Bauer found the girl's father and no-  
tified him of the assault and they  
sawed out a warrant for Phillips' ar-  
rest, the warrant being served last  
evening.

### Denies Charges.

In an interview with a Telegraph  
representative young Phillips com-  
pletely denied the charges that were  
made against him by the girl, and  
said she came to the camp to get a  
drink of water, giving that as her  
reason for being there. However, the  
girl insists that the fellow assaulted  
her, and the prosecuting official be-  
lieves he has a strong case against  
the boy. The hearing was continued  
pending the arrival Phillips' father  
from Aurora, it being expected that  
he would arrive in Ashton this af-  
ternoon at 3 o'clock.

Phillips waived examination and  
was bound over to the grand jury  
under \$500 bonds.

### MAGAZINE HEAD IN NEI

J. Britton Hayes Indicted for Drafting  
the Mails.

New York, June 6.—It was learned  
that J. Britton Hayes, formerly pres-  
ident of the Columbian Magazine com-  
pany, has been indicted for use of the  
mails to defraud, and will be tried if  
he can be brought back from London.

Frank Orff, president of the Colum-  
bian-Sterling Publishing company; Lee  
Sidwell, the secretary; Eugene Bryan  
Yates, an official of the company, and  
F. B. Atkin, an attorney of Philadel-  
phia, were placed on trial in the United  
States district court on an indict-  
ment charging them with the use of  
the mails to swindle through which  
\$2,000,000 worth of the worthless  
stocks of the publishing company was  
unloaded on the public.

### WILL CUT STANDARD MELON

Sixty Million of Stock to Be Given  
Holders as Dividend.

New York, June 6.—A \$60,000,000  
melon will be cut by the Standard Oil  
company of New York next week,  
when its capital stock will be in-  
creased from \$15,000,000 to \$75,000,000.  
The stockholders have ratified the pro-  
posal.

Each stockholder of record will get  
a bonus of 400 per cent. of his hold-  
ings. The directors will order the dis-  
tribution of the new stock in the form  
of a dividend on June 13.

Mrs. Nellie Gantz Miller has gone  
to Chicago to consult a specialist.

Chas. H. Johnson and mother of  
Chicago arrived today for an extend-  
ed visit.

## POWERFUL TARIFF LOBBIES FOUND

Three Democratic and One Re-  
publican Member of Inquiry  
Agree With Wilson.

### CORRUPT APPEALS ARE MADE

Senator Smoot Produces Circulars  
Showing That Refiners Organized  
Four Years Ago to Have Duty  
Taken Off Sugar.

Washington, June 6.—Four senators  
—Reed, Overman and Walsh, Demo-  
crats, and Nelson, Republican, all mem-  
bers of the committee investigating  
the lobby charges made by President  
Wilson, are known to have declared  
that there has been organized activity  
among the sugar and wool interests  
that might well be termed an "insid-  
ious lobby."

The committee has practically de-  
cided, even before completing the  
questioning of senators upon the rec-  
ommendation of legislation looking to  
the strict regulation of all lobbying  
and lobbyists. It has been furnished  
with forms of statutes now in force in  
several states.

### Improper Appeals Are Made.

Senator Overman said:  
"It has been developed on the stand  
that there has been powerful and con-  
certed lobbying. Improper appeals, or,  
I should say, corrupt appeals, have not  
been shown to have been made to  
senators. It is the newer form of ac-  
tivity to mold public opinion and by  
public pressure influence the action of  
senators and representatives. It is  
insidious to the extent that these or-  
ganized publicity campaigns often part-  
ake of misrepresentation and misin-  
formation."

Senator Smoot of Utah produced cir-  
culars to show that the sugar refiners  
organized four years ago to have the  
duty on sugar removed; that he had  
heard that detectives had been em-  
ployed by other sugar interests to spy  
upon United States senators to see  
with whom they conferred.

### Lobbyists Swarm Everywhere.

The street cars and hotel lobbies  
swarm with lobbyists, according to  
Senator John Sharp Williams. "A  
senator can't sit down in a street car  
or in the lobby of a hotel that one of  
these fellows doesn't buttonhole him  
about sugar, wool or some other ar-  
ticle," said the Mississippi senator.

Senator Shafroth of Colorado said  
he had been visited here and there  
by men from his own state and else-  
where who were interested either in  
keeping a duty on wool or sugar.

Senators who felt that the presi-  
dent's charge coupled with the institu-  
tion of the investigation into their pri-  
vate affairs implied at least a lack of  
confidence in their integrity now point  
out emphatically that they have al-  
ready been vindicated.

### SAYS GERMANY LACKS FUNDS

French Deputy Asserts Sudden Attack  
Is Chief Teuton Hope.

Paris, June 6.—Some startling fig-  
ures were given by Deputy Andre Le-  
fevre as to the financial position of  
the triple alliance, composed of Ger-  
many, Austria-Hungary and Italy, and  
of the triple entente, composed of  
Great Britain, France and Russia.

They came out in the course of a  
speech delivered by M. Lefevre in the  
chamber of deputies in favor of three  
years' service in the active army for  
Frenchmen.

"Germany is unable to afford a long  
war," said M. Lefevre. "The banks of  
the countries forming the triple al-  
liance possess only \$741,600,000 in  
gold, with \$1,600,000,000 in circulation,  
while those of the triple entente pos-  
sess \$1,587,200,000 in their vaults and  
\$2,800,000,000 in circulation.

"Everything points to Germany rely-  
ing on a sudden overwhelming attack  
should war be declared. Therefore  
France always must have a large army  
on the frontier."

### MUST WEAR UNDERGARMENTS

Slit Skirts Without Them Are Barred  
In Indianapolis.

Indianapolis, June 6.—Women in In-  
dianapolis who wear the new style  
slit skirt also must wear undergar-  
ments, and the traffic squad of the po-  
lice force has been asked to enforce  
the order, which was given out by Su-  
perintendent of Police Martin J. Hy-  
land. The order was issued after Su-  
perintendent Hyland had received a  
letter signed "The Ladies."

### GOMPERS GOES UNDER KNIFE

Labor Chief Said to Be in Good Condi-  
tion for Operation.

Washington, June 6.—Samuel Gomp-  
ers, president of the American Federa-  
tion of Labor, today underwent a  
second operation for a mastoid  
abscess. Physicians said Mr. Gompers  
was in good condition to undergo it.

## CITIZENSHIP LAW TEST PREDICTED

President Confers With Viscount  
Chinda in Latest Protest  
From Mikado.

### PEACEFUL END IS INTIMATED

Note From Tokio Leads Wilson to Be-  
lieve Friendly Solution to Anti-  
Alien Land Law Question  
Is Likely.

Washington, June 6.—After a confer-  
ence with Viscount Chinda with re-  
ference to the latest Japanese note pro-  
testing against the California law, for-  
bidding persons ineligible to citizen-  
ship to hold land, President Wilson in-  
dicated that the negotiations between  
the two countries had suggested a solu-  
tion of the problems. He hinted that  
the naturalization laws would probably  
have to be tested in the courts, but  
upon the complaint of a Japanese res-  
ident and not at the motion of the United  
States government.

Exercising his prerogative as per-  
sonal representative of the mikado,  
Viscount Chinda went directly to Pres-  
ident Wilson for a discussion of Japan's  
latest protest.

This act of the Japanese ambas-  
sador was as extraordinary as it was  
dramatic and startling, in view of the  
full and free conference he had Wed-  
nesday with Mr. Bryan, when he de-  
livered the rejoinder of Japan.

### Submits a "New Proposition."

The appearance of the ambassador  
at the White House caused the imme-  
diate report and belief that the am-  
bassador was not satisfied with either  
the comprehensiveness nor direct-  
ness of Mr. Bryan's solutions and had  
appealed promptly to the president. It  
became known in less than an hour  
before the call of the ambassador at  
the White House that Japan had sug-  
gested a "new proposition."

That proposition is, substantially,  
that the federal government shall  
make some official declaration, which  
shall be a recognition of the conten-  
tion of Japan as to her place among  
nations and the equality of her citi-  
zens with the citizens of the leading  
powers of the world.

### Attitude Very "Interesting."

This new and direct attitude of  
Japan was described by the highest  
officials here as very "interesting."  
It is recognized that the proposition,  
or virtual demand, is loaded with  
trouble for the administration with  
respect to the states of California and  
of Arizona.

It was admitted frankly that an  
acquiescence by the federal govern-  
ment in this Japanese proposition,  
would carry with it a repudiation of  
the opinions and the votes of the  
people of California and Arizona as  
expressed in their land law, which  
have been described by Japan as of-  
fensive to the people and government  
of Japan.

It was also admitted with equal  
frankness by officials after the con-  
ference between the Japanese am-  
bassador and the president, that no  
one could now tell what answer the  
United States could make to the  
plain, categorical inquiry of Japan.

### SLAIN BABY SENT BY EXPRESS

#### Second Package of the Wind Shipped to Sterling, Ill.

Sterling, Ill., June 6.—The body of a  
boy about one week old was found  
among the uncalled for packages in  
the express office here by Joseph Fack-  
ler, local agent. The infant had been  
killed by a blow on the head. It was  
shipped from Milwaukee, May 31, ad-  
dressed to George Staren. The only  
person of that name in the local po-  
stal zone is the eight-year-old son of  
Edward Staren, a farmer living near  
here. Mr. Staren said he knew no  
one in Milwaukee. On January 13,  
1912, a baby, billed by strangulation,  
was shipped here from Milwaukee by  
express under like circumstances. The  
officials believe some former Sterling  
woman, now in Milwaukee, is making  
the shipments.

Mr. and Mrs. Chas. Bodwell of St.  
Louis left Dixon yesterday after a  
visit at the Wm. Rink home. Miss  
Rink went with them as far as Chi-  
cago, where they will visit a few  
days before returning home.

Miss Hazel Kenneth, who recently  
submitted to an operation at the  
Katherine Shaw Bethea hospital, con-  
tinues to improve.

Guy Simonson of Chicago motor-  
ed to Dixon yesterday to spend the  
week end with his parents, Mr. and  
Mrs. A. E. Simonson.

Misses Mary and Katherine Clark  
of Amboy are guests at the home of  
Felix Doyle.

## COURT HOUSE PAVING IS NOW COMPLETED

FINE IMPROVEMENT WILL BE  
THROWN OPEN TO PUBLIC  
TOMORROW.

The last brick in the court house  
pavement was laid this morning and  
the improvement will be completed  
and thrown open to the public tomor-  
row. The street is one of the most  
noticeable improvements made this  
year and the thoroughness with  
which the work was done has aroused  
much favorable comment, the as-  
phalt filler making a decided hit.

## NO MORE TEACHERS, NO MORE BOOKS, ECT.

### MANY HAPPY KIDS ARE TURNED LOOSE UPON INOFFENDING PARENTS.

Today several hundred school  
children are exceedingly happy,  
for the south side public school  
closed the terms for the summer va-  
cation this afternoon, and not until  
September 1st will the kiddies hear  
the sound of the school bell—and  
then it will be just as welcome as  
the vacation was today. Today's work  
in the schools consisted merely of  
passing out report cards and gradua-  
tion certificates.

### STERLING GIRL INSANE.

Miss Mame Long, the Sterling girl  
who attempted to kill her sister in  
Chicago a week ago, was given a  
hearing at the detention hospital in  
Chicago and adjudged insane. She  
was ordered taken to the state hos-  
pital at Peoria.

### PASSENGER DERAILED HERE.

A large passenger engine, drawing  
one of the early eastbound trains,  
was derailed at the west end of the  
Northwestern yards this morning,  
requiring considerable work to re-  
place it on the rails. Traffic was not  
seriously delayed.

### WIND TOOK WINDMILL.

A large windmill on the C. H. Moss  
holder farm on the Chicago road was  
blown down by the heavy wind pre-  
ceding the rain of yesterday after-  
noon.

### BANKERS MET IN ROCHELLE

A. P. Arrington, E. H. Rickard,  
J. W. Crawford, Mahlon Forsyth, W.  
C. Durkes and W. C. McKinney were  
among the bank representatives who  
attended the meeting of group 3 of  
the Illinois Bankers' association at  
Rochelle yesterday. There were about  
150 members there and an interest-  
ing day resulted. The Dixon members  
were interested, while in Rochelle,  
by an inspection of the Rochelle au-  
to fire truck, which is an especially  
fine one.

### DEDICATION OF ORPHANS' HOME

Nachusa, June 6.—Special to Tele-  
graph—The Mary Shippert's Orphans  
Home of the Lutheran church, lo-  
cated near Nachusa, will be formally  
dedicated on Tuesday, June 10. A  
cordial invitation is extended to all  
to attend the services.

### THREE NATIONS FAVOR PEACE

Germany Bolivia and Argentina Ask  
for Drafts of Treaties.

Washington, June 6.—Secretary  
Bryan announced that Germany, Bol-  
ivia and Argentina had so far approved  
his proposal for universal peace as to  
ask for tentative drafts of the treaties.  
With these additions the list of nations  
that have undertaken to consider the  
proposal favorably reached 13.

### DISCOVERS AN "HONEST" MAN

Franklin D. Roosevelt Receives Pen-  
cil Which He Lost.

Washington, June 6.—Franklin D.  
Roosevelt, assistant secretary of the  
navy, has found an honest man. He  
received a letter from Watertown, N.  
Y., reading: "Dear Sir—Inclosed find  
your pencil, which you left on the  
stand after you wrote your telegram."  
"A. L. WECHSLER."

### Eugenics Take Hold on Clergy.

New York, June 6.—Eugenics has ta-  
ken such a hold on the clergymen of  
the city that several of them at least  
have canceled vacation arrangements  
to advance the propaganda of health as  
the first requirement in marriage.

## TO MAINTAIN STEADY SEARCH FOR MEMBERS

COMMITTEE APPOINTED TO BE  
ON LOOKOUT FOR ACTIVE  
YOUNG MEN.

### B. F. DOWNING IS CHAIRMAN

Each Member of Committee Will Be  
Kept Supplied With  
Applications.

Chairman B. F. Downing of the  
Membership committee of the Young  
Men's auxiliary of the Dixon Citi-  
zens' association has appointed the  
members of his committee, which  
will maintain a constant campaign  
to increase the membership of the  
organization.

Each member of the committee  
will be kept in a supply of applica-  
tion blanks, and it is hoped to give  
the association a steady growth  
through this committee, the members  
which are:

John Armstrong,  
Jay W. Atkins,  
R. C. Bovey,  
Geo. E. Boynton,  
Edward F. Cahill,  
Stanley Cryor,  
John B. Crabtree,  
I. P. Clark,  
W. L. Campbell,  
F. J. Cahill,  
John L. Davies,  
F. G. Dimick,  
Bert E. Delp,  
Chas. O. Engel,  
H. L. Fordham,  
George Fruin,  
Wm. G. Ford,  
C. H. Gray,  
E. E. Holdridge,  
H. W. Harms,  
H. H. Heinze,  
Dr. F. L. Hamilton,  
John P. Kennedy,  
C. R. Lenke,  
J. B. Lennon,  
Chas. E. Miller,  
Guy Miller,  
Louis Pitcher,  
Dr. Z. W. Moss,  
D. W. McKinney,  
John W. Null,  
Wm. Nixon,  
H. A. Roe,  
Oliver M. Rogers,  
D. E. Roberts,  
Geo. B. Shaw,  
R. W. Sterling,  
Chas. T. Self,  
J. A. Snyder,  
H. E. Senneff,  
T. Sullivan,  
C. F. Thompson,  
C. D. Van Bibber,  
E. Valle,  
C. B. Yonts,  
Ed. Zoeller.

### DIXON U. H. S. TEAM

#### MEETS PAWPAW TODAY

A large crowd of high school stu-  
dents watched the Dixon union high  
and Pawpaw high school teams bat-  
tle at Athletic park this afternoon,  
and at the hour of going to press a  
good game was reported. Tomorrow  
the local high school team will go to  
DeKalb.

### WIFE OF BISHOP FAUK DIES

Mrs. W. H. Faulk, wife of Bishop  
W. H. Faulk of Naperville, Ill., pass-  
ed away Wednesday evening. The  
funeral will be held Saturday from  
Grace church, Naperville. Bishop  
Faulk and brother were former Dix-  
on boys and have many friends here.  
They both attended school at the old  
Dixon college twenty years ago.

### CALENDAR OF EVENTS

#### FOR COMING WEEK

Friday.  
Arts and Crafts Exhibit at  
North Side Schools.  
Entertainment at Kingdom  
Church.  
Entertainment—At Kingdom  
Church.  
Dorothy Chapter O. E. S.—At  
Masonic Hall.  
Saturday  
Dance, Rosbrook Hall.<

Social Happenings

Musical Success.

The musicale given by the vocal pupils of Mrs. E. M. Goodsell last evening at the Elks club rooms proved a great success and was a treat indeed to music lovers. The rooms were filled with relatives and friends of the participants in the program, over 300 attending. The young men in conventional dress formed a substantial background for the beautiful gowns worn by the feminine portion of musicians, in the delicate shades of rose, yellow and blue. The program was given as printed below, and carried out perfectly. No encores were given, as Mrs. Goodsell did not wish a long program. The pupils certainly did her credit last evening and the most difficult selections were given with ease and finish. The voice is the main feature in vocal culture, but presence and delivery are also to be regarded and last evening these pupils evidenced careful training in these lines. The program:

- Italia (from Lucrèce).....Donzetti
- My Ain Folk.....Lemon
- Miss Katherine Miller
- Prelude (from Cycle of Life).....Rowald
- Miss Irene Eichenberg
- Bendemeer Stream.....Moore-Parks
- Messrs. Buhler, Anderson, Robinson, Etnyre
- Song of the Soul.....Briel
- Mrs. Curtin
- Good Bye, Sweet Day.....Vannah
- Mr. Frank Robinson
- Across the Still Lagoon.....Loge
- Misses Schippert, Eichenberg
- Ich Liebe Dich.....Greig
- Nightingale Song.....Penn
- Miss Mary Hauser
- Spring Song.....Weil
- Misses Miller, Craig, Fiorscheutz, Honey, McWethy
- Viola Obligato—Mr. Walter Stott
- Farewell in the Desert.....Adams
- Mr. Robert Anderson
- Whisper and I Shall Hear.....Piccolomini
- Miss Ada Shippert, Mr. Walter Stott
- Bridal Chorus (from The Rose Maiden).....Cowen

SOPIRANOS:

- Miss Mary Hauser, Miss Ada Shippert, Miss Myrtle Honey, Miss Lucile Miller, Miss Grace Peck, Miss Mary Craig, Miss Henrietta Fiorscheutz, Miss Katherine Miller, Mrs. Ahrens, Mrs. Smith, Mrs. Curtin.

ALTOS:

- Miss Marcia McWethy, Miss Jennie Oakes, Miss Irene Eichenberg, Miss Lucile Pearce

TENORS:

- Mr. LeRoy Buhler, Mr. George Beckingham, Mr. Robert Anderson.

BASS:

- Mr. Frank Robinson, Mr. Boyd Etnyre.

Miss Dillon to Wed.

Mr. and Mrs. Washington M. Dillon of Sterling have issued invitations to the wedding of their daughter, Margaret Annaeche, to Henry Frank Eshleman, Wednesday afternoon, June 12th, at 4 o'clock.

Miss Dillon is a beautiful and popular Sterling girl, prominent in social circles. She is well known here and has many friends, having visited Dixon frequently.

He at home cards read after Sept. 1st, Lancaster, Pa.

A SMALL EYE DEFECT

May cause a surprising number of pains and aches—not only in the eyes themselves, but in various parts of the body.

Indeed, one of the leading American physicians has said that 97 times in a 100 the headaches of children are caused by their eyes. We can cure every case of headache that is the result of eye-strain or errors of refraction.

Consult us freely respecting your eyes. We gladly give you all the assistance and advice that your eyes need.

DR. W. F. AYDELOTTE, Neurologist and Health Instructor, 223 Crawford Ave., Dixon, Illinois.

Arbutus Invites Dorothy.

Arbutus Chapter O. E. S. of Amboy has invited the members of Dorothy Chapter O. E. S. to be present at the official inspection of the work by Worthy Grand Matron Mrs. Cassie Gregory Orr, June 11th. Dinner will be served at 6 o'clock. Will Dixon members expecting to attend notify the Worthy Grand Matron not later than Saturday?

Beefsteak Fry

Mr. and Mrs. Ed Valle, Mr. and Mrs. Art Hill, Miss Helen Vail, Miss Ann Hennessey, Messrs. Jack Canfield and Douglas of Chicago, enjoyed a beefsteak fry at Lowell park Wednesday evening.

Palmyra Mutual Aid

The last meeting of the summer of the Palmyra Mutual Aid Society was held Wednesday afternoon at the home of Mrs. Milton Rossiter of Palmyra. Forty-two were in attendance, thirty-one of whom were members. The usual scramble dinner was served at noon.

The meeting Wednesday closed this year's work of the society. During the year there have been sixteen meetings, with an average attendance of twenty-four. The society made arrangements for its annual picnic to be held Wednesday, June 18, at Lowell park, to which the members and their families are invited.

An invitation was accepted from Mrs. Bert Pearl to hold the next meeting Sept. 24, at her home in Palmyra. At this meeting the annual election of officers will be held.

Given Beautiful Gift

The members of the eighth grade of the south side school presented their principal, Miss Mary A. Erwin with a handsome desk set. Out of a class of 35 members, there are 9 pupils who have been with her the entire four years of departmental work. Although they look forward to entering high school they leave their teacher and the departmental work with much regret. The years have been full of pleasure and profit and will always be an especially happy period in school days to remember. Miss Erwin takes much pleasure in the pretty gift.

O'Malley-Trimrose

On June 2nd at St. Matthew's Catholic church in Chicago, the marriage of Miss Alice O'Malley of Warren avenue, Chicago, and Edward Penrose of Dixon, took place, Father Furlong performing the ceremony.

The bride and bridesmaid were daintily attired in white messaline and carried white roses. After the ceremony the bride party were driven to the home of the bride where a sumptuous wedding dinner was served.

The bride is a highly respected young lady with a sweet and kind disposition that has won for her host of friends who join in wishing her a happy future.

The groom is a son of Mr. and Mrs. John Penrose of Broadway street, Dixon, and is a young man of good habits and is a trusted employee of the C. & N. W.

The happy couple will spend their honeymoon in Keokuk, Ia., and on the way are visiting at the home of the groom's parents and receiving the congratulations of many friends. After July 1, they will be at home to their friends at 2652 Warren Ave., Chicago, where the groom has prepared a very beautifully furnished home.

To Motor Through Iowa

Mr. and Mrs. Holohan and son, Master Thomas, left on a motor trip for Waukon, Ia. They will be gone about two weeks.

Choir Practice.

The choir of St. Paul's church will rehearse this evening at 7:30 o'clock.

Dance in Polo.

The young people of Polo will dedicate a new garage building there on Tuesday evening with a big dancing party, which a number of Dixonites have planned to attend.

Party Enjoyed.

Phillip Raymond last evening entertained about 25 schoolmates of N. D. H. S. at his home, mostly members of the freshman class, and a few others. Games and music were enjoyed, and a tempting supper completed the pleasure of the young people, who report a happy evening and Phillip a royal entertainer.

To Have Candy Sale.

The Sunshine class of St. Paul's Lutheran church will hold a candy sale on Saturday at Tillson's drug store.

Dance Saturday.

The Saturday Night club will entertain tomorrow evening at Rosbrook hall and as this is the only dance of the week a large attendance is expected. The Marquette orchestra will furnish the music.

To Have Candy Booth.

The S. F. O. club of North Dixon will have charge of the candy sale at the Arts and Crafts Exhibit at the school.

For Miss Moseley.

Miss Florence Moseley was guest of honor at a handkerchief shower last evening at the home of Misses Faith and Jessie Neighbour, which was attended by ten of the young lady's friends.

The parlors were beautifully decorated in peonies and ferns.

The handkerchiefs were presented to Miss Moseley in an unique manner. As she passed through the arch way from the sitting room to the parlor the large package fell on her head, and on opening it she found many pretty gifts.

Delicious refreshments were served and the decorations in the dining room were especially pretty, a shower bouquet of pink and white peonies hung from the chandelier and from this to each guest's plate was a pink ribbon. The place cards were in pink and white and the vases were also in pink and white, making a very pretty picture. In the center of the table stood a dainty bride holding a bride's bouquet of roses and her dress was beautiful. A trail of rice, outlined in pink formed a circle around her.

A number of entertaining games were played. After a delightful evening the guests departed with many happy memories.

FRANKLIN GROVE NEWS

Franklin Grove, June 5 — Dr. Grim was in Dixon Monday.

Mrs. Alexander English of Clarence, Ia., is visiting here.

Miss Ada Trostle was in Dixon on Sunday.

Mrs. Ben Rolph of Dixon spent several days this week with her friend, Mrs. B. M. Geer.

Supervisor U. G. Dysart of Viola township was here today on business.

Dramatic Notes

FAMILY THEATRE

A real surprise is in store for the theatre goers at the Family because of the extraordinary engagement of the Five Lunds, the classiest musical act of the vaudeville stage. They not only have a good act, but are giving a high class concert, consisting of Tanhauser March, with five trumpets, Light Cavalry Overture, with cornet and trombone, and the Second Rhapsodie, by Liszt on five xylophones which is rendered in an artistic way, and finishing with a popular medley and the famous Lund March.

Dryer & Dryer are a neat song and dance team doing clever work.

Abbott Detroit

The Modern Iron Horse

No Puffing, No Jerking, No Stalling With This Famous Car

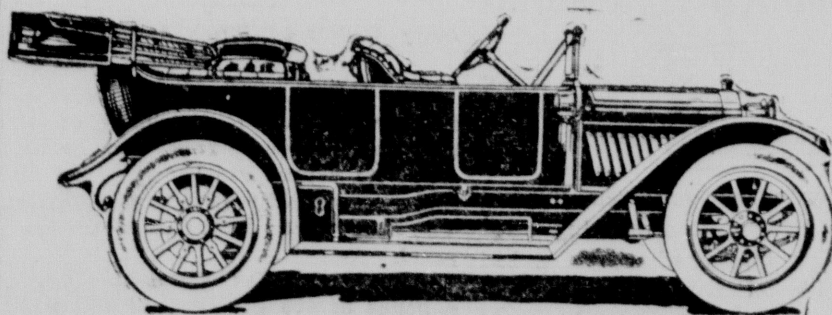

44-50 7-PASSENGER DEMI-TONNEAU, \$2,000.00.

You don't need to coax the powerful, silent-running, Continental Motors. Simply give them gasoline—they will do the rest. They have abundance of reserve energy for every emergency. They are demanded by persons requiring absolute dependability in motor cars. Such ENDURANCE, SPEED and POWER cannot be found in any other car.

Whatever the demand—on crowded city streets, on long endurance runs, over the mountains, on the track, through heat and cold—everywhere and under all conditions—you will find the Abbott-Detroit everything that you could hope to find in a motor car. It is the easiest controlled, best balanced, longest lived, most economical and most perfect all-around car built.

Every Abbott-Detroit is regularly equipped with our own specially designed single unit electric self-starter, built as a part of the engine, that can not be duplicated for simplicity and efficiency. Full electric equipment with generator, underslung springs, demountable rims, oversize Good-year tires, artillery wheels, 12-inch upholstery, and every latest and best feature. For Beauty, Comfort and Service, the Abbott-Detroit is the maximum car.

### Goose Hollow Letter

Uncle Ezra Harkins has laid aside his felt boots and put on his cow-hides, which is a sure harbinger of summer in this locality.

Hank Tumms had never been to church before and when they passed the plate he took out a quarter. He said he would have taken more, but he thought he wasn't entitled to it, as he wasn't a regular member.

Miss Anastasia Tibbitts, our soprano, says she is never nervous when she gets up to sing. Perhaps she isn't but the audience always is.

When a man is a good feller his wife is often the last one to find it out, and sometimes she never does.

Had Peters enjoys a unique distinction in town. He is the only democrat here who doesn't expect to get the postoffice.

Sarah Bernhart is appearing in motion pictures. Gosh, it seems as if they ought to call them emotion pictures.

A subscriber writes to the editor of the Clarion as follows: Dear Sir: My wife has went back on me and eloped with a actor. Oh, I can never stand all this trouble. Yours truly, H. G.

Trouble? Huh! Suppose you had three kids with the measles, the mortgage on your farm was about to be foreclosed, you had a boil on your nose, your groceryman had shut down on your credit, and supposin' you had five installments due within a week and you had overdrawn your bank account, and you had four flat tires. Supposin' your neighbor on the right kept a goat, your neighbor on the left kept a phonograph and your neighbor up stairs was a vocal teacher. Suppose you had dyspepsia, gout, jumpin' neuralgia, spavins, pip, sciatic rheumatism, St. Vitus dance and shingles at the same time. Then you might begin to talk trouble. You ought to be ashamed of yourself.

## CHAPTER XL

### Desolate.

The struggle was fierce but momentary. Oswald with his weakened powers could not long withstand the steady exertion of Orlando's giant strength, and ere long sank away from the contest into Mr. Challoner's arms. "You should not have summoned the shade of our mother to your aid," observed the other with a smile, in which the irony was lost in terrible presage. "I was always her favorite."

Oswald shuddered. Orlando had spoken truly; she had always been blindly, arrogantly trustful of her eldest son. No fault could she see in him; and now—

Impetuously Oswald struggled with his weakness, raised himself in Mr. Challoner's arms and cried in loud revolt:

"But God is just. He will not let you escape. If he does, I will not. I will hound you to the ends of this earth and, if necessary, into the eternities. Not with the threat of my arm—you are my master there, but with the curse of a brother who believed you innocent of his darling's blood and would have believed you so in face of everything but your own word."

"Peace!" adjured Orlando. "There is no account I am not ready to settle. I have robbed you of the woman you love, but I have despoiled myself. I stand desolate in the world, who but an hour ago could have chosen my seat among the best and greatest. What can your curses do after that?"

"Nothing," The word came slowly like a drop wrung from a nearly spent heart. "Nothing; nothing. Oh, Orlando, I wish we were both dead and buried and that there were no further life for either of us."

The softened tone, the wistful prayer which would blot out an immortality of joy for the one, that it might save the other from an immortality of retribution, touched some long unsounded chord in Orlando's extraordinary nature.

Advancing a step, he held out his hand—the left one. "We'll leave the future to itself, Oswald, and do what we can with the present," said he. "I've made a mess of my life and spoiled a career which might have made us both kings. Forgive me, Oswald. I ask for nothing else from God or man. I should like that. It would strengthen me for tomorrow."

But Oswald, ever kindly, generous and more ready to think of others than of himself, had yet some of Orlando's tenacity. He gazed at that hand and a flush swept up over his cheek which instantly became ghastly again.

"I cannot," said he—"not even the left one. May God forgive me!" Orlando, struck silent for a moment, dropped his hand and slowly turned away. Mr. Challoner felt Oswald stiffen in his arms, and break suddenly away, only to stop short before he had taken one of the half dozen steps between himself and his departing brother.

"Where are you going?" he demanded in tones which made Orlando turn. "I might say, to the devil," was the sarcastic reply. "But I doubt if he would receive me. No," he added, in more ordinary tones as the other shivered and again started forward, "you will have no trouble in finding me in my own room tonight. I have letters to write and other things. A man like me cannot drop out without a ripple. You may go to bed and sleep. I will keep awake for two."

"Orlando! Visions were passing before Oswald's eyes, soul-crushing visions such as in his blameless life he never thought could enter into his consciousness or blast his tranquil outlook upon life. "Orlando!" he again appealed, covering his eyes in a frenzied attempt to shut out these horrors, "I cannot let you go like this. Tomorrow—"

"Tomorrow, in every niche and corner of this world, wherever Edith Challoner's name has gone, wherever my name has gone, it will be known that the discoverer of a practical airship, is a man whom they can no longer honor. Do you think that is not hell enough for me; or that I do not realize the hell it will be for you? I've never wearied you or any man with my affection; but I'm not all demon. I would gladly have spared you this additional anguish; but that was impossible. You are my brother and must suffer from the connection whether we would have it so or not. If it promises too much misery—and I know no misery like that of shame—come with me where I go tomorrow. There will be room for two."

Oswald, swaying with weakness, but maddened by the sight of an overthrow which carried with it the stifled affections and the admiration of his whole life, gave a bound forward, opened his arms and fell.

Orlando stopped short. Gazing down on his prostrate brother, he

## CHAPTER XLI.

### Five O'clock in the Morning.

The clock in the hotel office struck three. Orlando Brotherton counted the strokes; they went on writing. His transom was partly open and he had just heard a step go by his door. This was nothing new. He had already heard it several times before that night. It was Mr. Challoner's step, and every time it passed, he had rustled his paper or scratched vigorously with his pen. "He is keeping watch for Oswald," was his thought. "They fear a sudden end to this. No one, not the son of my mother knows me. Do I know myself?"

Four o'clock! The light was still burning, the pile of letters he was writing increasing.

Five o'clock! A rattling shade betrays an open window. No other sound disturbs the quiet of the room. It is empty now; but Mr. Challoner, long since satisfied that all was well, goes by no more. Silence has settled upon the hotel;—that heavy silence which precedes the dawn.

There was silence in the streets also. The few who were abroad, crept quietly along. An electric storm was in the air and the surcharged clouds hung heavy and low, biding the moment of outbreak. A man who had left a place of many shadows for the more open road, paused and looked up at these clouds; then went calmly on.

Suddenly the shriek of an approaching train tears through the valley. Has it a call for this man? No. Yet he pauses in the midst of the street he is crossing and watches, as a child might watch, for the flash of its lights at the end of the darkened vista. It comes—filling the empty space at which he stares with moving life—engine, baggage car and a long string of Pullmans. Then all is dark again and only the noise of its slackening wheels comes to him through the night. It has stopped at the station. A minute longer and it has started again, and the quickly lessening rumble of its departure is all that remains of this vision of man's activity and ceaseless expectancy. When it is quite gone and all is quiet, a sigh falls from the man's lips and he moves on, but this time, for some unexplainable reason, in the direction of the station. With lowered head he passes along, noting little till he arrives within sight of the depot where some freight is being handled, and a trunk or two wheeled down the platform. No sight could be more ordinary or unsuggestive, but it has its attraction for him, for he looks up as he goes by and follows the passage of that truck down the platform till it has reached the corner and disappeared. Then he sighs again and again and moves on.

A cluster of houses, one of them open and lighted, was all which lay between him now and the country road. He was hurrying past, for his step had unconsciously quickened as he turned his back upon the station, when he was seized again by that mood of curiosity and stepped up to the door from which a light issued and looked in. A common eating-room lay before him, with rudely spread tables and one very sleepy waiter taking orders from a new arrival who sat with his back to the door. Why did the lonely man on the sidewalk start as his eye fell on the latter's commonplace figure, a hungry man demanding breakfast in a cheap, country restaurant? His own physique was powerful while that of the other looked slim and frail. But fear was in the air, and the brooding of a tempest affects some temperaments in a totally unexpected manner. As the man inside turns slightly and looks up, the master figure on the sidewalk vanishes, and his step, if any one had been interested enough to listen, rings with a new note as it turns into the country road it has at last reached.

But no one heeded. The new arrival munches his roll and waits impatiently for his coffee, while without, the clouds pile soundlessly in the sky, one of them taking the form of a huge hand with clutching fingers reaching down into the hollow void beneath.

To Be Continued

We are showing some beautiful new styles in photographs, suitable for commencement pictures.

CHASE STUDIO.

## CHICAGO ROAD NEWS

Chicago Road, June 5.—Mr. and Mrs. Louis Scott visited at Naylor's Sunday.

Mr. and Mrs. Sam Smith were in Dixon Tuesday night. Mrs. John DuBois has purchased a new vacuum cleaner with which she is very much pleased.

This seems to be a hard time on horses. Mr. Hollister lost a horse Tuesday.

Mrs. Ed Miller was in Dixon Tuesday, visiting her daughter-in-law, Mrs. Ernest Delp. The latter has been very ill. Her friends will be pleased to hear that she is getting along nicely, and her baby daughter is doing as well as could be expected.

Mr. and Mrs. Pat Duffy entertained Mr. and Mrs. Ed Miller at dinner Sunday.

Mrs. C. DuBois has a new house-keeper.

Mr. and Mrs. C. H. Mossholder visited in Dixon Tuesday night.

Sam Smith shelled corn Wednesday afternoon.

About 2 o'clock Monday night, Sam Smith was called out of bed by an auto party whose batteries had given out. They were forced to spend the rest of the night at the Smith home and in the morning phoned for some one to come out from town and take them back.

That little jingle in Tuesday's Telegraph 'Auto Days' was as sad as it is true, but please remember these are also the days of the aviator. There was a young man named O'Keene,

Who went up in a flying machine, His ascension was grand, But when he struck land

There was not enough left to be seen.

## SPECIAL ASSESSMENT NOTICE.

Notice is hereby given to all persons interested that the City of Dixon in the County of Lee and State of Illinois, has by LOCAL IMPROVEMENT ORDINANCE NUMBER 148, SERIES OF 1913, passed by the Council of said City on the 7th day of April, A. D. 1913, and approved by the Mayor of said City on the 7th day of April, A. D. 1913, ordered the furnishing of the labor and materials for, and the construction of a vitrified tile pipe sewer with all necessary manholes and house connection laterals on East First Street, on the south side of Rock River, in the City of Dixon, Lee County, Illinois.

That said ordinance is no won file in the office of the City Clerk of said City; that application has been made to the County Court of Lee County, Illinois, for an assessment of the cost of said improvement according to the benefits as provided by law and said ordinance; that an assessment therefor has been made and returned to said Court, and that the final hearing thereon will be had before the said Court in the County Court Room in the Court House in Dixon, in Lee County, Illinois, at nine o'clock in the forenoon on Wednesday, the 18th day of June, A. D. 1913, or as soon thereafter as the business of said Court will permit.

All persons desiring may file objections to said assessment in said Court before said time and may appear at said hearing and make defense.

Said assessment is payable in Five (5) annual installments and all installments bear interest at the rate of Five (5) per cent per annum according to law, until paid.

Dated June 2nd, A. D. 1913.

BLAKE GROVER,  
130 5 Commissioner

## NACHUSA NEWS ITEMS

Nachusa, June 5.—Sunday school will begin at 9:30, church service at 10:30, evening service at the usual hour of 7:30 Sunday.

Mrs. J. Johnson of Franklin Grove spent Tuesday at the J. Plantz home.

W. H. Shaner, a pioneer resident, of Nachusa died Monday morning. The heartfelt sympathy of a large circle of friends is extended to the bereft family.

Mr. and Mrs. Gus Kohl were in Nachusa Tuesday evening.

Henry Hartzell of Dixon was here Wednesday morning to attend the funeral of Mr. Shaner.

Miss Bernice Wilhelm visited in Nachusa with her aunt, Mrs. H. W. Eicholtz.

Levi Wilhelm spent Wednesday here to attend the funeral of Mr. Shaner.

Mrs. Mollie Marteeny and Miss Grace Uhl spent Sunday with Sterling friends.

Miss Ida Hart spent Sunday at the

William Meppin home in Palmyra. Mrs. Ed Shaner and daughters of Chicago, spent several days at the Plantz home.

Frank Tritle is a guest at the O. R. Eicholtz home.

Mr. and Mrs. Stoudt attended the graduating exercises in Ashton on Monday night.

Mr. and Mrs. George Weidman moved to Nachusa Tuesday.

Fred Ayers of Chicago, is visiting his mother, Mrs. Anna Ayers.

Mrs. Ralph Lehman, Mrs. Patrick Duffy and Mrs. Ed Miller of the Chicago road were in Nachusa on Wednesday morning.

## PINE CREEK ITEMS

Pine Creek, June 4.—Miss Lena Nettz of Dixon is a guest of the Misses Bovey.

Many from here attended the children's day exercises at the Christian church Sunday evening.

S. K. Myers and wife gave a dinner Sunday for their children.

Mrs. F. W. Bovey is entertaining her mother, Mrs. Leannan of Chicago.

Glenn Newcomer of Oregon is spending a few weeks here with friends.

S. B. Nettz was a recent Sterling visitor.

Ice cream social at Pennsylvania Corners Thursday evening. Everybody welcome.

Jacob Adams was a business caller in Dixon Saturday.

Emory Warner who was taken suddenly ill the past week is reported better.

Clayton Bovey made a business trip to Woosung Monday.

Miss Mary Beard of Woosung was a week end visitor here.

School closes Friday at the "Center" with a picnic. Mrs. Bertha Tholen, teacher.

Paul Ellis was a Monday caller in Dixon.

Mesdames Roy and Elmer Nettz, attended memorial services in Grand Detour.

Mrs. David Bovey attended memorial services in Polo.

John Heckman went to Dixon Saturday on business.

Jewett Huffman of Pennsylvania Corners has purchased the Harris farm on what is known as "Dog Lane."

## A Steamboat trip

on the Upper Mississippi

The gangplank is lifted, the whistle blows, and you glide into pleasures and scenes that are new to you.

Hundreds of miles of picturesque travel; cool river breezes; music, dancing, games, parties—trips ashore at interesting points including the Keokuk dam, the \$2,000,000 mile-long, hydro-electric power plant.

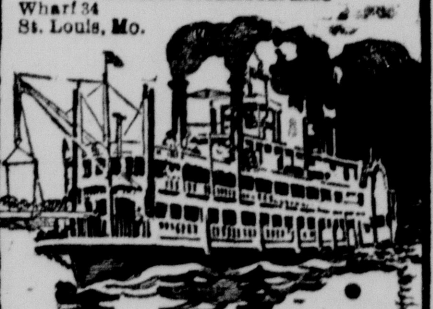

America's best river service.

Streetscar Steamers provide trips off from 2 to 10 days. Largest, safest river steamers in the country. Big comfortable electric lighted, ventilated staterooms; and the finest meals you ever ate. Get

## SPECIAL ASSESSMENT NOTICE.

Notice is hereby given to all persons interested that the City of Dixon in the County of Lee and State of Illinois, has by LOCAL IMPROVEMENT ORDINANCE NUMBER 147, SERIES OF 1913, passed by the Council of said City on the 7th day of April, A. D. 1913, and approved by the Mayor of said City on the 7th day of April, A. D. 1913, ordered the furnishing of the labor and materials for, and the construction of a vitrified tile pipe sewer with all necessary manholes, storm water connections, catch basins and house connection laterals on Monroe Avenue, along the center line thereof, from the manhole heretofore constructed in First Street to the Center line of Second Street, thence to a point 225 feet southerly therefrom, on the south side of Rock River, in the City of Dixon, Lee County, Illinois.

That said ordinance is now on file in the office of the City Clerk of said City; that application has been made to the County Court of Lee County, Illinois, for an assessment of the cost of said improvement according to the benefits as provided by law and said ordinance; that an assessment therefor has been made and returned to said Court, and that the final hearing thereon will be had before the said Court in the County Court Room in the Court House in Dixon, in Lee County, Illinois, at nine o'clock in the forenoon on Wednesday, the 18th day of June, A. D. 1913, or as soon thereafter as the business of said Court will permit.

All persons desiring may file objections to said assessment in said Court before said time and may appear at said hearing and make defense.

Said assessment is payable in Five (5) annual installments and all installments bear interest at the rate of Five (5) per cent per annum according to law, until paid.

Dated June 2nd, A. D. 1913.

## SURE FOOT REMEDY

EZO is Quickest Acting Remedy for Aching, Burning Feet

EZO puts the feet in one shape over night. No matter how sore or painful, rub on EZO and misery will vanish. EZO is a 5-cent ointment; just rub it on your aching feet, that's all. No fussing around getting ready. EZO never fails to extract the soreness from corns, bunions and callouses, and for rough skin, sunburn, chaps and after shaving there is nothing like it. Just 5 cents at druggists everywhere.

HOWLAND BROS., Druggists.

## 19th YEAR IN Dixon DR. PRETTYMAN

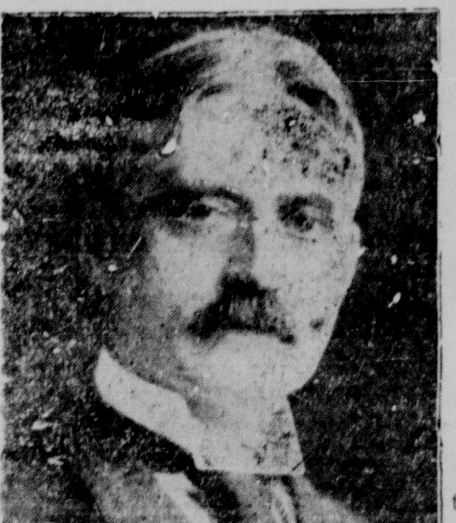

For over 17 years Dr. Prettyman has been coming to Dixon over four weeks. What he has accomplished in the time is a matter of history suffice it to say it has made him a reputation that no other specialist has ever attained nor can hope to attain in this vicinity.

### His Work Speaks for Itself

The doctor keeps abreast of the times by devoting all his spare time to clinical work in the Chicago hospitals. He is not content to rest on laurels already won but he is on the alert for anything and every thing that will assist him in diagnosing and treating many cases that come before him. In 1909 he had special work in hospitals of London and Edinburgh and is enthusiastic over the results attained.

### You Can Depend Upon Him

Others can come and go but Dr. Prettyman continues his visits regularly and does as he agrees in every case. In employing him you are assured not only the best results but that he will be here for years to come.

## NOTICE TO CONTRACTORS.

Sealed proposals addressed to the Board of Local Improvements of the City of Dixon, Lee County, Illinois, and endorsed, proposals for the furnishing of the labor and materials for and the construction of vitrified tile pipe sewer with manholes, storm water inlets and house connection laterals on Galena Avenue and Tenth Street, in the City of Dixon, in the County of Lee and State of Illinois, as provided for in Local Improvement Ordinance No. 143, Series of 1913, of said City of Dixon, will be received by the Secretary of the Board of Local Improvements at the City Clerk's Office in the City of Dixon, Lee County, Illinois, until two o'clock in the afternoon on Thursday, the 12th day of June, A. D. 1913, and will be publicly opened by the said Board of Local Improvements at a meeting to be held at said City Clerk's Office, at two o'clock in the afternoon on said day, and at the same time and place said Board of Local Improvements shall in open session examine such proposals as have been delivered to it and publicly declare the same.

That a vitrified tile pipe sewer of twelve (12) inches internal diameter is hereby ordered constructed in the City of Dixon on Galena Avenue as follows: From the manhole heretofore constructed in Galena Avenue at its intersection with the center line of Seventh Street, southerly to a point on the center line of Eighth Street, four (4) feet west of the east curb line of said Galena Avenue, produced; thence, parallel to said curb line, to a point on the center line of Ninth Street; thence to a point four (4) feet east of the west curb line of said Galena Avenue and one hundred and thirty (130) feet south of Ninth Street; thence parallel to said curb line to the center line of Tenth Street.

That a vitrified tile pipe sewer of eight (8) inches internal diameter is hereby ordered constructed in the City of Dixon on Tenth Street, along the center line thereof, from a point four (4) feet east of the west curb line of Galena Avenue, produced, to a point two hundred and sixteen (216) feet west of Galena Avenue.

That in front of each lot, piece, parcel and tract of land assessed and included within the district established by the Commissioner levying the assessment to pay for the sewer herein provided for, there shall be constructed a house-connection lateral sewer of vitrified tile pipe having an internal diameter of six (6) inches and extending in a straight line from about one foot inside the curb line of the street in front of each such lot, piece, parcel or tract of land to the sewer herein provided for and connected therewith by a "Y" or "T" connection.

That vitrified tile pipe storm water sewer of ten (10) inches internal diameter shall be constructed as follows:

At the northwest corner of the intersection of Galena Avenue and Eighth Street.

At the southwest corner of the intersection of Galena Avenue and Eighth Street.

At the northwest corner of the intersection of Galena Avenue and Tenth Street.

At the southwest corner of the intersection of Galena Avenue and Tenth Street.

Said storm water sewers shall be extended from the aforesaid points to the manholes to be constructed at said intersections and each shall be connected with such manhole by a running trap of approved pattern, such as is now used for similar purpose in the City of Dixon.

That there shall be constructed in the City of Dixon six manholes of the kind described in the specifications hereinafter set forth having an internal diameter of four (4) feet and located upon the line of the sewers described in Section One of this Ordinance as follows:

At the center line of Eighth Street.

At a point eighty (80) feet south of Eighth Street.

At the center line of Ninth Street.

At a point one hundred and thirty (130) feet south of Ninth Street.

At the center line of Tenth Street.

At a point in Tenth Street two hundred and sixteen (216) feet west of Galena Avenue.

That there shall be constructed in the City of Dixon in the line of the sewer described in Section One of this ordinance one lamphole of the kind described in the specifications hereinafter set forth and having an internal diameter of twelve (12) inches and located fifty (50) feet north of Tenth Street.

Such manholes and lamphole shall be connected with and be part of, and in all respects be so constructed as to conform to all requirements herein relating to the grade of the sewers provided in Section One (1) of this ordinance.

**Sewer Pipe.**

That all the vitrified tile pipe and specials used in the construction of this improvement shall be of the best grade, salt glazed, vitrified clay sewer pipe of hub and spigot pattern. Said pipe must be sound and well burned, with a clear ring, free from cracks, blisters or any other defects or imperfections making it unfit for use.

Each hub shall be of such depth and size as to receive to its full depth the spigot end of the next following pipe or special without any chipping, and to allow the making of a good mortar joint, and the use of a gasket. All said pipes must be of standard thickness.

**Brick.**

That for brick work, none but the best quality of sound, hard burnt, perfect-shaped sewer bricks, presenting a regular and smooth surface, shall be used.

## Cement.

That the cement used shall be newly manufactured portland cement of the best quality and of a brand approved by the Board of Local Improvements. Cement not satisfactory shall at once be removed from the job.

## Sand.

Sand shall be clean, sharp, and free from loam, clay or vegetable matter. Shall not be so fine but that each grain on the surface of a pile can be readily noted by the naked eye, and must be of a quality satisfactory to the Board of Local Improvements.

## Mortar.

All mortar used in making pipe joints shall be composed of one part of bulk of cement and one part of sand. Sand and cement are to be thoroughly mixed together in a dry state and in small quantities, and when ready for use the mixture shall be tempered with sufficient water to give it proper consistency.

Mortar used for brick work shall be mixed in the proportion of one part by bulk of cement by two parts of sand.

Mortar which has begun to set before being used must be thrown away. Retempering of the mortar will not be allowed.

## Packing.

Packing may consist of flax, jute, oakum or hemp, clean and with long fibres, loosely twisted into strands.

## Concrete.

Any concrete used shall be a one-to-four mixture of cement with sand and gravel, thoroughly mixed, both dry and wet, and settled into place by tamping until water appears on the surface.

**Manhole Construction.**

Manholes are to be circular in cross-section. The walls are to have a thickness of eight inches, and be built of sewer brick of best quality, laid in cement mortar. The top of the manhole, for the upper three courses is to be two feet in diameter, the walls having been drawn in by means of a succession of regular "header" courses. The invert through manholes may be built either of concrete or of half a tile laid to grade in a bed of concrete. The remaining floor of the manhole shall be built of well tamped concrete, smoothly finished and with a slight slope toward and into the sewer.

At spaces of eighteen inches from the floor of the manhole to within the said distance of the top, the manhole shall be provided with a five-eighths inch round iron steps, bent "stirrup shaped," and built and bonded into the masonry.

The manhole shall be provided with a cast iron cover, with a tight lid, the said cover weighing not less than three hundred pounds, and being of the size and general pattern of those now in use in the said City of Dixon.

On the inside of the manhole the wall shall be given three coats of a thin Portland cement grout, without sand, applied with a brush, each coat being allowed to set before the next is applied.

## Lamphole.

The lamphole herein provided for shall be constructed by connecting with the sewer pipe of the main a similar sewer pipe of like kind and quality by means of a "T" connection. Such sewer pipe shall be placed vertically and shall extend from the sewer to the grade of the street above. At the proper grade a "T" connection shall be placed to receive the pipe of the upper portion of the main sewer. The upper end of the said lamphole shall be stopped with a vitrified tile stopper of suitable size securely fastened with cement. All joints in such lamphole shall be connected in the same manner as the joints of other sewer pipe herein specified and the top of such lamphole shall be protected by a substantial cast iron ring and cover securely placed on a foundation of brick laid in cement mortar and extending not less than two feet below the grade of the street.

**Excavations.**

All trenches shall be vertical and made of sufficient width to be at least eight inches wider in the clear than the outside measure of the socket of the sewer pipe. Trenches must be made in open cut. Tunneling will be allowed only by special permission of the Board of Local Improvements. Trenches must when necessary be properly protected against caving or sliding, by braces and sheeting. Any sheeting left in permanently by order of the Board of Local Improvements (and only such) will be paid for, at the actual current cost of the lumber. When left in the trench, sheeting shall be cut off a foot below the surface of the street.

The excavations for manholes shall be wide enough so that a space of at least four inches will be clear between the outside wall and the excavation or protection thereof.

Excavated material shall be deposited in such a way as to be of the least obstruction possible to the public and to adjoining property owners.

A space of two feet wide along the side of the trench where the engineer's stakes are located shall be kept free from obstruction.

No material will be allowed to be piled within five feet of any fire hydrant.

**The Laying of the Pipe.**

All pipe shall be laid exactly to grade and line as provided in this ordinance.

Pipes must be sounded and inspected and in addition thereto the Board of Local Improvements may order that the same be fitted and matched before being lowered into the trench. No trimming of pipes or specials will be allowed, and all imperfect material will be rejected and must be immediately removed from the line of the sewer.

Pipe must not be laid except in the presence of the inspector, and any so laid may be ordered removed and relaid.

Before any pipe or special is to be put in place a small excavation must

be made in the bottom of the previously graded trench, to receive the projecting portion of the hub or socket, so that the pipe may have a firm and uniform bearing for its entire length, upon said graded bottom. The joints between the individual pipes, or pipes and specials, shall in all cases be made water-tight, by completely filling out the annular space between the exterior of the spigot and the interior of the socket with cement mortar; and a neat and proper finish shall be given to the joint upon the face of the hub and socket.

It shall be at the discretion of the Board of Local Improvements to order the use of a narrow gasket which shall be properly pressed into each joint before the mortar is applied. But no extra compensation for the use of such gasket will be allowed, the same being included in the price paid per lineal foot of sewer.

**Blind Ends.**

The last socket of lateral branches, or any stub of un-built sewer at a manhole or elsewhere, shall be closed with a clay stopper and made water-tight with cement mortar. A strip of board two or three inches wide shall be stood in trench at the curb end of each lateral, extending to the surface of the ground.

The said curb ends of each lateral must not be covered until the exact position thereof has been measured and recorded by the engineer.

**Wiping Sewer.**

All pipe as soon as laid is to be cleaned by the use of a sand bag or other suitable appliance.

**Protection of Sewer While Laying.**

Before leaving the work during a storm, or for the night, or for any other reason, care must be taken that the unfinished end, of the sewer or lateral is securely closed with tight-fitting plug. Any material that may find entrance into the sewer through an open end or an unplugged branch is to be removed at the contractor's expense. The cost of such plugs and the labor connected therewith is to be merged in the regular price bid for the work per lineal foot.

**Storm Water Inlets.**

Storm water inlets, of ten inch vitrified tile, laid below the top of the curb at the gutter end, and not less than four feet in the ground at the manhole end, and trapped with a running trap next to the manhole, shall be constructed from the manholes in the various street intersections by means of suitable specials.

**Concrete Inlet Bulk-Heads.**

Neatly finished concrete bulk-heads shall be built in the gutter, at the inlet openings, to embed the upper end of the tile used in carrying storm water to the sewer. Unless otherwise ordered, these shall be three feet in width across the gutter, two feet in depth, built to the height of the curb, and nine inches in thickness.

**Test.**

When sewer is completed the interior floor thereof shall be exactly to grade and the line given by the engineer. Sewer construction will not be accepted by the City of Dixon unless (wherever the sewer is built in a straight line) a light applied at a manhole or lamphole can be clearly and plainly seen through the sewer from the next manhole.

**Back-Filling.**

The back-filling of the trenches shall be done with shovels and the refilled earth shall be compacted thoroughly. Unless otherwise expressly permitted, this shall be done by tamping, and the layers shall not exceed six inches between tampings.

**Restoring Pavement.**

If opening the street for this improvement necessitates the removal from the street of a coat of macadam, this material shall be kept separate from the excavated earth, and after the construction of the sewer and the proper refilling of the trench with earth, the said macadam material shall be placed thereon and tamped into conformity with the remaining surface of the street.

In the month of April following the completion of the sewer and at any prior time it may become necessary, the Contractor shall again go over the line of the sewer and laterals and wherever any settlement has occurred, shall again fill the trenches, tamping such filling until thoroughly compacted and again restoring the street surface to its original condition.

**Equipment.**

For this improvement the contractor shall furnish all necessary machinery, all materials, shall pump, ball or otherwise remove any water found or accumulating in the trenches and shall perform all the work necessary to keep them clear of water while the foundation and the brick work are being constructed or the sewer laid.

**Use of Sewer.**

Water shall not be allowed to run through the sewer until the cement is satisfactorily hardened.

**Condition of Street When Work is Completed.**

When work is completed, all surplus materials, earth, rubbish, etc., shall be removed and the street surface repaired and left in as good condition in all respects as at the beginning of the work.

**Measurement.**

In measuring the length of sewer, no deductions will be made for manholes and lampholes.

**Final Inspection.**

Upon notification by the contractor of the completion of the work, the Board of Local Improvements, assisted by the engineer, will carefully inspect the sewer, its appurtenances, and any other work done by the contractor in connection therewith, and if it is found that the work does not comply with these specifications, it should be brought to the proper condition at the expense of the contractor. But if it be found, after uncovering the pipe or any other work, that no defects exist, or that the defect, if any, was not due to the fault of the contractor, then the expense of this examination shall be borne by the city.

That the work for which said tenders are invited is the construction of about 1375.6 cubic yards of excavation, about 74 cubic yards of rock excavation, about 1080 lineal feet of 12" sewer pipe (laid), about 260 lineal feet of 10" sewer pipe (laid), about 25 lineal feet of 8" sewer pipe (laid), about 650 lineal feet of 6" sewer pipe (laid); One (1) lamphole, complete with C. I. cover; Six (6) manholes, complete with C. I. covers and gutter inverts, and Six (6) cement headers at inlets as provided for in Local Improvement Ordinance No. 143, Series of 1913, of the City of Dixon, Illinois.

Each bid for this work must be accompanied by certified check or cash for an amount not less than ten per cent of the aggregate of such proposals. All certified checks must be drawn upon some responsible bank doing business in said City of Dixon and must be payable to the order of the President of the Board of Local Improvements in his official capacity. No bids will be considered unless accompanied by such certified check or cash.

Said cash or certified checks will be held by said Board of Local Improvements until all the bids have been canvassed and the contract has been awarded and signed. The return of said checks or cash to the successful bidder being conditioned upon his appearance within fifteen (15) days after having been notified of the award having been made to him or them, accompanied by his or their bondsmen and executing a contract with said Board of Local Improvements for the completion of the work so awarded and giving a bond satisfactory to said Board of Local Improvements.

A bond of Two Thousand (2,000) Dollars will be required conditioned for the fulfillment of the contract in accordance with the ordinance and specifications and to the satisfaction of the said Board of Local Improvements. All proposals must be made on blanks which will be furnished bidders at said City Clerk's Office.

The payment for the work for which said tenders are invited is to be made in cash or bonds, payable when the contract is complete, and the work accepted by the Board of Local Improvements, bonds to draw interest at five per centum. No bid will be considered unless the party making it shall furnish evidence satisfactory to said Board of Local Improvements of his experience and ability in this class of work and that he can control sufficient capital to enable him to successfully prosecute the same in case the contract shall be awarded to him.

Bidders will examine the ordinance, maps, plats, plans, profiles, and specifications and also the locality in which said work is to be done and judge for themselves of all the circumstances and surrounding conditions affecting the cost and nature of the work.

Specifications may be seen at the office of the City Clerk of the City of Dixon from and after this date. The Board of Local Improvements reserves the right to reject any and all bids.

Dated at Dixon, Illinois, May 31st, A. D. 1913.

Signed: BOARD OF LOCAL IMPROVEMENTS OF THE CITY OF DIXON.

By MARK C. KELLER, Its Attorney.

**NOTICE TO CONTRACTORS.**

Sealed proposals addressed to the Board of Local Improvements of the City of Dixon, Lee County, Illinois, and endorsed, proposals for the furnishing of the labor and materials for and the construction of vitrified tile pipe sewer with manholes, storm water inlets and house connection laterals, in East Everett Street, East Fellows Street and North Jefferson Avenue, in the City of Dixon, in the County of Lee and State of Illinois, as provided for in Local Improvement Ordinance No. 146, Series of 1913, of said City of Dixon, will be received by the Secretary of the Board of Local Improvements in the City of Dixon, Lee County, Illinois, until two o'clock in the afternoon on Thursday, the 12th day of June, A. D. 1913, and will be publicly opened by the said Board of Local Improvements at a meeting to be held at said City Clerk's Office, at two o'clock in the afternoon on said day, and at the same time and place said Board of Local Improvements shall in open session examine such proposals as have been delivered to it and publicly declare the same.

That a vitrified tile pipe sewer of twelve (12) inches internal diameter is hereby ordered constructed in the City of Dixon on East Everett Street, along the center line thereof, from the sewer heretofore constructed in North Dement Avenue, easterly to the center line of North Jefferson Avenue and on North Jefferson Avenue along the center line thereof from the center line of East Everett Street five feet south of the south rail of the railroad therein located.

That a vitrified tile pipe sewer of ten (10) inches internal diameter is hereby ordered constructed in the City of Dixon on East Fellows Street, along the center line thereof, from the sewer heretofore constructed in North Dement Avenue, easterly to the center line of North Jefferson Avenue and on North Jefferson Avenue along the center line thereof from the center line of East Everett Street five feet south of the south rail of the railroad therein located.

That there shall be constructed in the City of Dixon in the line of the sewer described in Section One of this ordinance one lamphole of the kind described in the specifications hereinafter set forth and having an internal diameter of twelve (12) inches and located fifty (50) feet north of Tenth Street.

Such manholes and lamphole shall be connected with and be part of, and in all respects be so constructed as to conform to all requirements herein relating to the grade of the sewers provided in Section One (1) of this ordinance.

**Sewer Pipe.**

That all the vitrified tile pipe and specials used in the construction of this improvement shall be of the best grade, salt glazed, vitrified clay sewer pipe of hub and spigot pattern. Said pipe must be sound and well burned, with a clear ring, free from cracks, blisters, or any other defects or imperfections making it unfit for use.

Each hub shall be of such depth and size as to receive to its full depth the spigot end of the next following pipe or special without any chipping, and to allow the making of a good mortar joint, and the use of a gasket. All said pipes must be of standard thickness.

**Brick.**

That for brick work, none but the best quality of sound, hard burnt, perfect-shaped sewer bricks, presenting a regular and smooth surface, shall be used.

**Cement.**

That the cement used shall be newly manufactured portland cement of the best quality and of a brand approved by the Board of Local Improvements. Cement not satisfactory shall at once be removed from the job.

**Sand.**

Sand shall be clean, sharp, and free from loam, clay or vegetable matter, shall not be so fine but that each grain on the surface of a pile can be readily noted by the naked eye, and must be of quality satisfactory to the Board of Local Improvements.

**Mortar.**

All mortar used in making pipe joints shall be composed of one part by bulk of cement and one part of sand. Sand and cement are to be thoroughly mixed together in a dry state and in small quantities, and when ready for use the mixture shall be tempered with sufficient water to give it proper consistency.

Mortar used for brick work shall be mixed in the proportion of one part by bulk of cement by two parts of sand.

Mortar which has begun to set before being used must be thrown away. Retempering of the mortar will not be allowed.

**Packing.**

Packing may consist of flax, jute, oakum, or hemp, clean and with long fibres, loosely twisted into strands.

**Concrete.**

Any concrete used shall be a one-to-four mixture of cement with sand and gravel, thoroughly mixed, both dry and wet, and settled into place by tamping until water appears on the surface.

**Manhole Construction.**

Manholes are to be circular in cross-sections. The walls are to have a thickness of eight inches, and be built of sewer brick of best quality, laid in cement mortar. The top of the manhole, for the three upper courses is to be two feet in diameter, the walls having been drawn in by means of a succession of regular "header" courses. The invert through manholes may be built either of concrete or of half a tile laid to grade in a bed of concrete. The remaining floor of the manhole shall be built of well tamped concrete, smoothly finished and with a slight slope toward and into the sewer.

an internal diameter of six (6) inches and extending in a straight line from about one foot inside the curb line of the street in front of each such lot, piece, parcel or tract of land to the sewer herein provided for and connected therewith by a "Y" or "T" connection.

That vitrified tile pipe storm water sewer of ten (10) inches internal diameter shall be constructed, at the northwest corner of the intersection of said East Fellows Street with North Jefferson Avenue at the northeast corner of said intersection and at the southeast corner of said intersection.

Also at the northwest corner of the intersection of said East Fellows Street with Boardman Place, at the northeast corner of said intersection and at the southeast corner of said intersection. Said storm water sewer shall extend from the points on each side of the roadway portion of said North Jefferson Avenue and Boardman Place at the intersecting lines of East Fellows Street to the manholes to be constructed at said intersections, and each shall be connected with such manholes by a running trap of approved pattern such as is now used for similar purposes in the City of Dixon.

That there shall be constructed in the City of Dixon Three (3) Manholes of the kind described in the specifications hereinafter set forth, having an internal diameter of Four (4) feet and located as follows:

At the intersection of the center line of East Everett Street with the center line of North Jefferson Avenue.

At a point in the center line of North Jefferson Avenue five feet south of the south rail of the railroad located in East Fellows Street.

At the center line of Boardman Place and five (5) feet south of the south rail of said railway.

Such manholes shall be constructed with and be part of and in all respects be so constructed as to conform to all requirements herein relating to the grade of the sewers provided in Section One (1) of this ordinance.

Such manholes shall be connected in the City of Dixon one (1) manhole of the kind described in the specifications hereinafter set forth, having an internal diameter of three (3) feet and located five feet south of the south rail of the railroad in East Fellows Street and two hundred and sixty (260) feet west of the center line of North Jefferson Avenue.

**Sewer Pipe.**

That all the vitrified tile pipe and specials used in the construction of this improvement shall be of the best grade, salt glazed, vitrified clay sewer pipe of hub and spigot pattern. Said pipe must be sound and well burned, with a clear ring, free from cracks, blisters, or any other defects or imperfections making it unfit for use.

Each hub shall be of such depth and size as to receive to its full depth the spigot end of the next following pipe or special without any chipping, and to allow the making of a good mortar joint, and the use of a gasket. All said pipes must be of standard thickness.

**Brick.**

That for brick work, none but the best quality of sound, hard burnt, perfect-shaped sewer bricks, presenting a regular and smooth surface, shall be used.

**Cement.**

That the cement used shall be newly manufactured portland cement of the best quality and of a brand approved by the Board of Local Improvements. Cement not satisfactory shall at once be removed from the job.

**Sand.**

Sand shall be clean, sharp, and free from loam, clay or vegetable matter, shall not be so fine but that each grain on the surface of a pile can be readily noted by the naked eye, and must be of quality satisfactory to the Board of Local Improvements.

**Mortar.**

All mortar used in making pipe joints shall be composed of one part by bulk of cement and one part of sand. Sand and cement are to be thoroughly mixed together in a dry state and in small quantities, and when ready for use the mixture shall be tempered with sufficient water to give it proper consistency.

Mortar used for brick work shall be mixed in the proportion of one part by bulk of cement by two parts of sand.

Mortar which has begun to set before being used must be thrown away. Retempering of the mortar will not be allowed.

**Packing.**

Packing may consist of flax, jute, oakum, or hemp, clean and with long fibres, loosely twisted into strands.

**Concrete.**

Any concrete used shall be a one-to-four mixture of cement with sand and gravel, thoroughly mixed, both dry and wet, and settled into place by tamping until water appears on the surface.

**Manhole Construction.**

Manholes are to be circular in cross-sections. The walls are to have a thickness of eight inches, and be built of sewer brick of best quality, laid in cement mortar. The top of the manhole, for the three upper courses is to be two feet in diameter, the walls having been drawn in by means of a succession of regular "header" courses. The invert through manholes may be built either of concrete or of half a tile laid to grade in a bed of concrete. The remaining floor of the manhole shall be built of well tamped concrete, smoothly finished and with a slight slope toward and into the sewer.

At spaces of eighteen inches from the floor of the manhole to within the said distance of the top, the manhole shall be provided with five-eighths inch round iron steps, bent "stirrup shaped," and built and bonded into the masonry.

The manhole shall be provided

with a cast iron cover, with a tight lid, the said cover weighing not less than three hundred pounds, and being of the size and general pattern of those now in use in the said City of Dixon.

On the inside of the manhole the wall shall be given three coats of a thin Portland cement grout, without sand, applied with a brush, each coat being allowed to set before the next is applied.

**Excavations.**

All trenches shall be vertical and made of sufficient width to be at least eight inches wider in the clear than the outside measure of the socket of the sewer pipe. Trenches must be made in open cut. Tunneling will be allowed only by special permission of the Board of Local Improvements. Trenches must when necessary be properly protected against caving or sliding, by braces and sheeting. Any sheeting left in permanently by order of the Board of Local Improvements (and only such) will be paid for, at the actual current cost of the lumber. When left in the trench, sheeting shall be cut off a foot below the surface of the street.

The excavations for manholes shall be wide enough so that a space of at least four inches will be clear between the outside wall and the excavation or protection thereof.

Excavated material shall be deposited in such a way as to be of the least obstruction possible to the public and to adjoining property owners.

A space of two feet wide along the side of the trench where the engineer's stakes are located shall be kept free from obstruction.

FOR RENT. Later in the season a modern house at Bluff Park. Enquire at the Evening Telegraph Office. 94tf

#### HERE AT HOME

DIXON CITIZENS GLADLY TESTIFY AND CONFIDENTLY RECOMMEND DOAN'S KIDNEY PILLS

It is testimony like the following that has placed Doan's Kidney Pills so far above competitors. When people right here at home raise their voices in praise there is no room left for doubt. Read the public statement of a Dixon citizen:

John Salzman, 103 Artesian Ave., Dixon, Ill., says: "I have no reason to change my good opinion of Doan's Kidney Pills which I publicly expressed some years ago. I had backache a great deal and pains across my loins. My kidneys did not act regularly and I felt miserable in every way. Finally I used Doan's Kidney Pills procured at Leake Bros. Co's. Drug Store and they did good work, relieving me I keep them in the house and whenever I take them, they help me."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

#### LAMSON & COMPANY

Dixon, June 6, 1913.  
Wheat: English cables were fairly firm the continental markets weak except Paris. Wheat held steady during remainder of day within narrow range. The close, advance of 5-8 to 1c. Clearances on previous sales are large, over 1,000,000 and for week should show heavy total. Visible will show decrease due to shipments from terminal markets. Fair increase in demand at better prices. We do not anticipate weakness in the situation unless general rains should fall.

Corn: At one time today, wheat was strong, corn showed rally of 1-2 but the bulge invited profit taking sales for future delivery and liberal country offers. Much corn offered to arrive today. Farmers appear satisfied with low prices and crop outlook continues good. Eastern demand slack with indications of slackening demand from industries which kept market strong last few weeks. Argentine ships large for week and may continue so for some time shutting off fresh business in our own corn abroad.

Oats: Market strong, closing with gains of 1-8 to 3-8. Some complaint from Missouri. Receipts show increase and advices of consignments picked up. Character of July holds leads to fear condition similar to May but it may be avoided if receipts continue to increase, due to disposition of the farmers to get rid of old oats which are not of best quality before new oats are available.

Provisions: A lighter run of hogs brought higher market at the yards, but as provisions had not reflected the recent declines fully the advance today was only moderate. Packers were fair buyers of product and cash trade continues in healthy condition.

Mr. and Mrs. A. M. Bahen of Lee Center, who have been spending the winter in California, are expected home soon.

#### ULSTER MEN ARMING

GIGANTIC CONSPIRACY DISCOVERED BY SCOTLAND YARD.

Unionists Propose to Resist Irish Home Rule Regime—Many Members of Parliament Involved.

London, June 6.—A gigantic conspiracy to arm the Ulster Unionists for the purpose of resisting the coming home rule regime in Ireland has just been discovered by Scotland Yard detectives.

When the news became known here it created a sensation especially as the discovery of the plot follows closely upon the seizure of 12 tons of rifles and ammunition at Belfast on Monday.

It is expected that another consignment will be seized in the near future, as the police claim to have discovered the factory in London where the arms were made or at least assembled and they state that over forty tons of arms and ammunition are now stored there.

The method used by the conspirators in transferring the guns was to ship them to Manchester in motor buses and from there ship them by rail under the description of electrical supplies. The police are now keeping a strict watch on the arsenal, but the conspirators are lying low.

The police hesitate to take any decided action, owing to the fact that many peers, members of parliament and prominent army officers are now known to be concerned in the plot to resist home rule in Ireland. When arrests follow, however, extraordinary developments are expected as the conspirators are liable to be charged with high treason.

Dynamite Trial Near Jury.  
Boston, Mass., June 6.—The Wood-Atteaux-Collins trial ended, so far as evidence goes, when Attorney Daniel H. Coakley announced that his case was complete. District Attorney Pelletier did not put in any rebuttal and the case will go to the jury after arguments by the opposing counsel.

Four Men Are Drowned.  
Edmonton, Alberta, June 6.—Caught in the swirling waters of the Fraser river, Grand Canyon, the Rocky mountains, a scow belonging to Grand Trunk Pacific railway contractors was split in two and four of its crew of eight men drowned. The remaining four, after a desperate struggle, reached shore.

PRISON AND FINEFound Guilty by Paterson Jury  
of Unlawful Assemblage  
Charge.

## JIL WOMAN FOR CONTEMPT

Seventeen-Year-Old Leader Arrested  
So Often Police Are Tired—Given  
Twenty Days by Exasperated Judge.Paterson, N. J., June 6.—A jury in  
Judge Klenert's quarter sessions court  
found 38 strike pickets of the silk  
workers guilty of unlawful assembly in  
front of the Harding mill on April 22,  
and all now face a three-years term in  
prison and a \$1,000 fine, or both. They  
will be sentenced on Monday.Among those convicted are Hannah  
Silverman, the seventeen-year-old  
picket leader, and Benjamin Hagedorn,  
a local leader of the I. W. W.Miss Silverman has been arrested  
so many times that the police are ex-  
hausted. After two days in jail for  
interfering with a policeman she got  
out on a writ of certiorari.She went to Recorder Carroll's  
court as a spectator at the trial of  
Harry Price, a striker arrested for  
beating two women mill workers. In  
the course of an argument between  
the recorder and Lawyer Isidor Klen-  
ert, appearing for Price, Miss Silver-  
man tittered and then hissed.

Given Twenty Days.

"Come up here," ordered the judge.  
"You're getting altogether too fresh  
around here. I commit you to the  
county jail for twenty days as a dis-  
orderly person in a public place."So Hannah is in jail and seems like  
to stay there until the strike is  
ended.Price was sent to jail for three  
months.In summing up the trial of the pick-  
eters, Assistant Prosecutor Force said  
that public sentiment demanded their  
conviction, and that it was for the  
jury to decide whether Paterson is  
governed by law or by a mob. Only  
three of the forty-one prisoners were  
acquitted.

"Their Cause My Cause."

The strike committee received from  
Helen Keller, the blind girl, a check  
for \$48.98, to help "in their brave fight  
for the most elemental justice—the  
right to live." In her letter she said:"The accounts I have read of the  
striker's self-sacrifice and indomitable  
courage fill me with admiration. Their  
cause is my cause. I feel their hun-  
ger, their privation, in my eyes  
starved of light. I feel their bondage  
in my own physical dependence, and  
I cannot be happy while conditions  
exist that make childhood bitter and  
motherhood a sorrow."William D. Haywood and other In-  
dustrial Workers of the World lead-  
ers will be tried on Monday by a "for-  
eign jury," drawn from talesmen im-  
paneled from another county in order  
to insure the defendants a fair trial.

## ASKS IF SHE RUINED DERBY

First Question of Suffragette Who  
Seized King's Race Horse.London, June 6.—"Did I ruin the  
race?" asked Emily Wilding Davison,  
the suffragette who seized the king's  
colt near the finish of the Derby and  
was nearly killed by the horse and  
rider rolling over her—when she par-  
tially recovered consciousness in the  
hospital at Epsom. She was told that  
she did not stop the race, but that she  
caused the king's jockey, Herbert  
Jones, to be seriously injured."That cannot be helped," Miss Da-  
vison replied. "The cause must go  
on."The surgeon in charge reported that  
she will not be able to leave the hos-  
pital for some weeks. The police no-  
tified the hospital authorities that she  
must be regarded as a prisoner.

## ATHLETIC RECORD IS BROKEN

World's All Around Championship  
Smashed by Seminary Student.Princeton, N. J., June 6.—The  
world's all around athletic champion-  
ship was broken on this university  
field by C. F. Thompson, a student in  
the Princeton Theological seminary.  
The record was formerly held by Mar-  
tin Sheridan of the Irish-American  
Athletic club of New York. Thomp-  
son added 114 points to this record  
and 23 to that made by James Thorpe  
at the Olympic games in Sweden,  
which was not made official on account  
of the Indian's professionalism.  
Thompson's score was 7,499 points.  
Sheridan's mark was 7,385 and  
Thorpe's 7,476½. The seminary ath-  
lete has broken this record twice in  
unofficial meets.

## CRIMINALS LOSE LAST HAVEN

Extradition Treaty Between Paraguay

and Opposed by Committee.

Washington, June 6.—The last place  
on earth where a criminal may flee  
from the United States to escape pun-  
ishment for his offenses will be soon  
stripped from the map. The only haven  
of refuge remaining is Paraguay. The  
senate committee on foreign relations  
approved an extradition treaty recent-  
ly arranged with that South American  
republic. Its ratification by the sen-  
ate undoubtedly will follow at the first  
opportunity.
